*A School for International Studies, Advanced Placement Centre of Excellence and French Immersion*

January 2021

Dear Parents/Guardians and Grade 8 Students,

As we prepare for the 2021-2022 academic school year, it is important to identify the courses your child wishes to take. The decision of which course and course type to take should be taken with great care and should be an informed decision. Kindly review the attached link: [“Exploring the Possibilities and myBlueprint”](#) for information on choosing the pathway that fits your child’s strengths, interests, skill sets and learning styles best. Success in grade nine provides the foundation to continue navigating your way throughout high school and ensuring continued success! Students will choose their courses online through the myBlueprint program.

Use the following checklist to assist you in the Course Selection Process:

- View the presentation prepared by the Father Bressani CHS Guidance department: [Grade 9 Course Selection Presentation](#). This presentation will provide you with information on graduation requirements, course types, elective course offerings at Father Bressani and other important information for our new incoming students and parents.
- Consider consulting with your son/daughter’s Grade 8 teacher for appropriate courses and course type recommendations
- Please click on the following link for Step-by-Step instructions on how to log into [MyBlueprint](#) to complete your child’s Course Selection
- Review information on how to complete the online [Course Selection](#)
- Course Selection in MyBlueprint will ONLY be accessible from Thursday, January 21 to Friday, January 29, 2021 for students to submit their courses.**

\*In the Spring, your child will have the opportunity to review their course selection during Course Verification - communication about this will be forthcoming at a later date.

We thank you for the privilege of serving you in Catholic Education and building student success together.

Yours truly,

W.B. Lechman  
Vice Principal
