April 1, 2021

Dear parents,

As you have heard, we are now in shut-down for the next 28 days. However, unlike last time when Masses were cancelled altogether, now we are allowed 15% capacity for Masses. This will affect the Confirmations taking place in April. They will still take place at the designated times, but the number of people attending has to be reduced. For each student they may have their sponsor, parents and siblings, but NO OTHER family members or guests.

For the Confirmations in May, unless there is another shut down, the capacity for the celebrations remain at 30%.

Because of the unusual circumstances, although a cost is involved, the church will arrange to have all the Confirmation Masses livestreamed on the parish website at stpp.church. This way, family members and guests can watch it safely from home.

Please remember to have your son or daughter bring their Confirmation card, provided to them through the school, with them to the church on the night of the celebration. This is very important! Again, we are trying our best to serve the needs of our young people and their families. I look forward to celebrating your son's or daughter's Confirmation.

Rev. Monsignor Gregory Ace
